Lambretta V 50 Special Flex Fender 2024

V-Special is proof that it is a pure Lambretta

£2,999 +OTR

from £131.9 p/m

Lambretta V 50 Special Flex Fender the iconic design of the classic Lambretta with its metal craftsmanship and unique features. The double-layered side panel is a masterpiece of engineering, featuring a 1.2 mm steel middle beam that extends to the sides in an airplane profile architecture. This design not only allows easy access to the engine but also avoids adding unnecessary weight. The side panels are available in different shapes and colours, with the standard V Special model coming in 'monocolore'. The Lambretta features a front disc brake for reliable and powerful stopping power, ensuring a safe and comfortable ride. The full LED technology headlights provide exceptional visibility with daytime running lights and the unique Lambretta logo. The strong and durable alloy wheels are suitable for all road conditions, allowing you to go all the way with confidence. The exhaust pipe is reinforced with heat shields in a sharp design that matches the Lambretta's iconic look. Additionally, it has passed the Euro 5 emission standard certification, making it environmentally friendly. The Lambretta's 4-stroke, air-cooled engine boasts a displacement of 49.5 and a compression ratio of 12.6:1, with fuel management through ECS. The transmission is CVT with ECU ignition and E-starter. The scooter's dimensions are perfect for urban and suburban environments, with a width of 690 mm, length of 1,900 mm, and height of 1,130 mm. The wheelbase measures 1,330 mm, and the seat height is 770 mm, while the tank capacity is 6.5 L. The Lambretta's suspension features a telescope fork in the front and a single suspension system in the rear, providing a smooth and comfortable ride. The front brakes are hydraulic discs with a diameter of 220 mm, while the rear brakes are mechanic drums with a diameter of 110 mm. In conclusion, the classic design of the Lambretta scooter, combined with its metal craftsmanship and unique features, make it the perfect choice for anyone looking for a reliable, stylish, and environmentally friendly mode of transportation.
