 The 650 Interceptor Twin. Royal Enfields most loved bike. The pinnacle of style and laid back riding. Hailing from a time when all that mattered was that the California sun was out and the surf was up. With its upright riding position, retro looks and its air-cooled parallel 650 twin engine delivering the sound track, could riding get any better!

 This modern classic is the essence of a British roadster with a dash of a California Desert Racer blending timeless style and contemporary performance.
