SYM SYMPHONY 125CC CBS a functional, safe and stylish scooter designed to help you live life to the fullest. With its easy handling and excellent agility, the Symphony ensures a smooth and safe ride, whether you're riding solo or with a pillion.

 Featuring an integrated headlight handlebar with LED light, the Symphony provides excellent visibility and allows you to direct the focus of the light where you need it. The scooter also includes a range of storage options, including space under the seat and a luggage hook on the counter-shield, so you can carry everything you need with you.

 The Symphony is equipped with a combined braking system that evenly distributes retention on both wheels, ensuring stability and safety at all times. It also includes a double adjustable shock absorber, which provides a smooth ride in any environment. The scooter's elegant design with rounded curves and an unmistakable classic air is complemented by its digital analog panel, which provides all the necessary information at a glance, including speedometer, total and partial odometer, digital clock, fuel level and indicator lights.

 Other features of the Symphony include a lockable glove box with a key, a retractable luggage rack and functional QC 3.0 USB charging socket, side and centre stands for comfortable parking and parking stability, and a flat floor with retractable foot pegs that are integrated into the bodywork when not in use.

 The Symphony's excellent performance and minimum consumption ensure you can make the most of every last minute of the day, while its low emissions engine helps you move while respecting the environment, in compliance with Euro 5 regulations.

 With the Symphony, you can enjoy every moment of your journey, without any interference between you and what you want to do. Plus, with a single key, you can activate multiple functions, including boot opening, ignition and handlebar lock. Experience the freedom of the open road in style with the Symphony.
