Benelli BN 125 2025

The Benelli BN 125 - A BEAUTIFULLY DESIGNED URBAN ESCAPE
MACHINE

£2,599 ^{+OTR}

from £113.71 p/m

BN 125 is the new compact naked motorcycle from Benelli that is designed to capture the hearts of the newest generation of motorcycle riders. It is perfect for commuters who want to move easily through the city traffic, and riders who just want to have fun on the open road.

 The BMT series engine brings engine technology from the historic Italian brand, Benelli. This has a number of technical advantages in engine platform, such as multi-valve multi-spark plug technology. The BMT power platform is mainly represented by high-speed, high-power, high-performance engines.

 The Benelli BN125 makes a fantastic first bike, easy to handle, simple controls, stunning looks and that Italian Benelli heritage that stretches back to 1911. The Benelli BN125 is outstanding value for money.

 BN 125 is the Benelli naked bike with a gritty look, ideal for those who are just starting out, but also for all those who have always wanted an easy and dynamic two-wheeler, perfect both for home-office trips and for having fun in the curves. Among the most loved in its category, the small naked from the Pesaro company gets a new look for 2022 presenting a new graphic design and new colours.

 BN 125 has a trestle frame in steel tubes, to ensure maximum agility and maneuverability in riding the bike. The suspension system consists of a 35mm upside-down front fork, and a rear swingarm with a central shock absorber with spring preload adjustment. The fuel tank has 13,5 litres of capacity.

 Stopping the BN 125 is Benelli's braking system that gives maximum safety thanks to a steel 260mm diameter disc at the front with 3-piston calipers with CBS and at the rear, a 240mm diameter disc with a two-piston caliper with CBS. The 17" front wheel in aluminium alloy mounts 110/80 tyres and in the rear 130/70 tyres.

 BN 125 is available in White, Black, Grey and Green colours.
