Keeway Blueshark 45 2025

Blueshark Electric Scooter is the ideal zero-emission moped

£2,799 +OTR

from £120.53 p/m

Keeway Blueshark Electric Scooter is the ideal zero-emission moped for modern urban commuters who are looking for a reliable, innovative, and easily handled e-scooter. This high-performance scooter is equipped with a cutting-edge permanent magnet gear motor, dual LFP batteries, and advanced automotive technologies such as ADAS, IPS HD panel screen, and 74 sensors embedded in an Android-based ArkRide OS, making it one of the best bikes near you.

 With a market-leading range when using eco mode, the Blueshark has the ability to change the balance between power performance and cruising distance by using its two batteries in parallel or sequentially. This makes it perfect for long commutes or leisure rides around town.

 The large display that exhibits the amalgamated information is beautifully integrated, praised overall for its advanced look by the press that is very fitting for an electric scooter, derived from its combination of an iconic exterior design and modern details. You can easily navigate through the menu using the intuitive controls, and the display also shows you important information such as speed, battery level, and range.

 The Blueshark also features keyless ignition, either using the remote fob or by using the fingerprint scanner, which can have multiple users added to the system. This adds another level of security to the scooter, making it one of the most secure scooters on the market.

 In addition to the built-in alarm system, which gives an audible warning and flashes the lights once activated, the Blueshark also has a built-in tracker that can be viewed via the Blueshark app on your phone. This gives you access to many other features, such as the ability to lock and unlock the scooter remotely, view your trip history, and even track your scooter in real-time.

 One of the key safety features of the Blueshark is the built-in camera system, which records your trips and stores them on the internal hard drive and cloud system. This means that should you be involved in an accident or your scooter is stolen, you can access the video recording remotely.

 If you're looking for a reliable and innovative electric scooter, the Keeway Blueshark is definitely worth considering. Book a demo test ride today to experience the adrenaline rush of riding this high-speed gear motor e-scooter. Plus, with quick charging, you can be back on the road in no time!
