## Keeway RKS 125cc 2025

Redefining the Street Segment

**£1,899** +OTR

from £79.6 p/m

The iconic Keeway RKS 125 returns. <br><br> Agile and Efficient Performance The RKS 125 is equipped with a 124 cm<sup>3</sup> single-cylinder engine that delivers 11.4 hp at 9000 rpm and a maximum torque of 8.7 Nm at 8000 rpm, providing fast and smooth acceleration, ideal for urban use. Its air-cooled engine ensures reliability and easy maintenance, making it perfect for both beginners and experienced riders looking for a light and versatile bike for daily commuting. With a top speed of 92 km/h, the RKS 125 is perfect for moving nimbly through city traffic and for longer rides.<br><br> Precision Suspension and Braking The RKS 125 offers a safe and stable ride thanks to its telescopic front fork with 130 mm of travel and adjustable Pro-link rear shock absorber, which precisely absorbs shocks on uneven surfaces. The braking system includes a 278 mm front disc and a 220 mm rear disc, both with 2-piston calipers, ensuring fast and effective braking. In addition, the CBS (Combined Braking System) enhances safety by distributing braking force across both wheels.<br><br> Modern Design with a New Logo The 2025 edition of the Keeway RKS 125 not only features a refreshed design inspired by urban dynamism but is also one of the first models to showcase Keeway’s new logo, created to celebrate the brand's 25th anniversary. With a lightweight 133 kg build, the RKS 125 combines robustness and sporty aesthetics, making it ideal for any urban rider.<br><br> Technology and Functionality The RKS 125 blends classic design with modern functionality, including an LCD dashboard that clearly displays all essential information. It also features a USB port to charge devices on the go, enhancing comfort and convenience for everyday use.<br><br> Economy and Efficiency With low fuel consumption and a 15.6-liter fuel tank, the RKS 125 provides excellent range, making it perfect for those looking for an economical bike for daily use or longer trips. Its balance between performance and efficiency makes it an ideal choice for those seeking an affordable and reliable bike.
