Sym JET 14 125cc 2025

Stylish, practical, dependable

£2,499 +OTR

from £106.89 p/m

SYM Jet is one of the most prestigious series in the SYM scooter range. It has been more than a decade since the Jet series debuted. To date, the Jet 14 is still the best-selling model in European markets.

Sym Jet 14 125 AC is the ideal companion for navigating city streets safely and efficiently, while providing maximum comfort for an enjoyable ride. It offers maximum comfort for a pleasurable ride and boasts a sleek design with compact dimensions, sharp angles, and efficient LED lighting that give it a sporty and avant-garde look.

Enjoy superior driving comfort with its flat floor and multiple equipment details, such as a digital dashboard, a roomy under-seat compartment that can hold a full-face helmet, a QC 2.0 USB charging socket, and other practical and functional solutions that cater to your everyday needs.

Equipped with an LED lighting system in the front optics for excellent visibility and a rear light for long-distance visibility. It also features a digital panel with all the essential information, such as speedometer, odometer, clock, fuel level, and warning lights. Its new air-cooled 4-valve Euro 5 engine delivers exceptional performance with minimum fuel consumption and low emissions for environmental friendliness.

The Jet 14 125 AC also boasts a double adjustable rear shock that ensures a smooth and precise driving response, front disc and rear drum brakes with effective braking system for optimal safety, and a retractable carrier hook that remains discreetly integrated into the bodywork when not in use.

Additional features include a glove box behind the shield for storing your essential items within reach, a side stand for comfortable parking, a centre stand for greater parking stability, retractable foot pegs that seamlessly integrate into the bodywork, digital instrumentation for easy-to-read display, high-power and low-consumption LED lighting, a flat track that facilitates a correct driving position and allows for the placement of lightweight objects, and a 5V USB socket that enables the recharging of electronic devices on the go.

With ample space under the seat to store a full-face helmet, a double front headlight with multi-convex internal optics, and a host of other features, the Jet 14 125 AC is the perfect combination of comfort, style, and functionality for an exceptional riding experience.
