Sym JET 14 125cc LC 2025

Liquid Cooled Engine for Optimal Running - Giving More Power & Greater Fuel Efficiency

£2,899 +OTR

from £125.08 p/m

SYM Jet 14 LC is a popular scooter model from the Jet series that has been widely appreciated in the European market for its reliability, practicality, and stylish design. With its 14-inch wheels, it is perfect for urban riding and easy to navigate through the city streets.

 Jet 14 LC includes a Euro 5 compliant 4 valves liquid-cooled engine for optimal running temperatures and increased efficiency. There are LED's added to the headlight and LED DRL position light give the scooter a modern look, as well as improved visibility and safety for night riding. The Quick Charge 2.0 technology ensures that the rider's electronic gadgets stay charged at all times.

 The SYM Jet 14 LC has a length of 1990 mm, a width of 730 mm, and a height of 1075/1115 mm (with visor). It has a wheelbase of 1350 mm and is equipped with telescopic front suspension and dual rear shock absorbers. The front and rear rims are made of aluminium, while the front tire dimensions are 100/90-14 and the rear tire dimensions are 110/80-14.

 The scooter is equipped with a front disk brake of 260 mm diameter and a rear disc brake of 220 mm diameter for effective braking performance. It has a fuel capacity of 7.5 litres and a fuel system of EFI. The 124.6 cc engine produces a maximum horsepower of 9.3 kW at 8000 rpm and a maximum torque of 11 Nm at 6000 rpm. The scooter is cooled by a liquid-cooling system and has a continuously variable transmission (C.V.T.) for smooth and easy shifting.

 Other features of the SYM Jet 14 LC include a spacious under-seat storage compartment, a digital instrument cluster, an electrical starter, and LED lighting for the headlight, taillight, and front position lamp.

 Overall, the SYM Jet 14 LC is a reliable and practical scooter that offers a comfortable and stylish ride for daily commuting in the city. With its Euro 5 upgrade and Quick Charge 2.0 technology, it is equipped with modern features that cater to the needs of today's riders.
